SCHOOL OF MINES NOTES.

Only five more weeks of work before final examinations. Then be prepared.

Francis C. Lincoln, a graduate of the Boston Institute of Technology, has accepted the position of Professor of Chemistry and Geology for next year.

J. H. Hilton has presented the school of mines with a fine foot pump for the use of student bicyclists. The gift is an exceedingly useful one and much appreciated.

The collection of mineralogical specimens is now safely bestowed on the third floor though not yet quite classified. A little more labor will put the collection in excellent condition.

Let it be remembered that this has been the most prosperous year in the history of the school of mines. According to the present outlook the institution will steadily grow in usefulness.

Professor W. C. Phalen, who has done excellent work as chemist and metallurgist in the institution for the last two years, has resigned his position for the purpose of returning to his alma mater for graduate work.

Professor Phalen, Doctor Meyer, and Mr. Richmond of the school of mines went out to Magdalena this morning to add by observation to their stock of knowledge of mining operations. C. T. Brown acted as chaperon for the party.

Col. Geo. W. Prichard, district attorney for this district, has accepted an invitation to deliver the commencement address this

year. Col. Prichard is an excellent speaker and it would be safe to guarantee a rare treat to those who are fortunate enough to hear him on this occasion.

C. D. Goff, representative of the Whitney Hardware Company of Albuquerque, visited the laboratory building yesterday and took plans and specifications upon which to base an estimate of the cost of a new heating plant, probably a hot water plant. This will doubtless be one of the improvements made before the beginning of the next year's work and none could be more heartily appreciated by a shivering, sneezing body of students.

KILLED AND WOUNDED.

Attempt of Penitentiary Convicts to Escape Frustrated by Superintendent Bursum and Guards.

A daring attempt of three convicts to escape from the penitentiary at Santa Fe Wednesday morning resulted as follows: Killed, convict George Stevenson; mortally wounded, convict William Simmons; seriously wounded, convict José Monica Sena, the captain of the guard Felipe Armijo and guard Pedro Sandoval.

Convict George Stevenson, who lead the attempt to escape, had in some mysterious manner become possessed of a Smith & Wesson revolver and 50 cartridges. His two companions were armed with heavy iron rods. Stevenson rushed into the dining room where the guards were assembled unarmed and ordered them to hold up their hands. Captain Armijo threw a chair at him and rushed out for a gun. Stevenson followed and when the two met in the hall shots were exchanged resulting in the serious wounding of the courageous captain of the guard. Superintendent Bursum now appeared upon the scene with a Winchester and shot Stevenson twice through the heart and once through the head, quickly ending his wild career. Other shots were fired with results as stated above.

Superintendent Bursum and his guards are being much commended for their promptness, coolness, and courage in frustrating an attempt to escape which if successful might have resulted in a general mutiny among the convicts.

COUNTY TREASURER'S BOOKS.

Treasurer Abran Abeysa Gives The Chieftain a Statement Concerning the Condition of His Accounts.

A representative of THE CHIEFTAIN called at the office of Treasurer Abran Abeysa yesterday and was given a statement touching upon the results of W. A. Nilsson's work as auditor, substantially as follows in Mr. Abeysa's words:

I am glad to give the public a comparison between Mr. Nilsson's account and my own. His balance sheet shows that I am accountable to Socorro county for \$26,031.97 while my own account shows the sum to be \$26,122.41. I am willing to abide by this result of Mr. Nilsson's investigation. But let me call your attention to a few particulars. You will see that there are three items of delinquent taxes collected amounting to \$90.70 which is unaccounted for. When this tax was collected there was pending a question as to its proper distribution. The last general assembly passed a law requiring it to be turned into the county general and school funds. This has since been done as shown on my books. Again, Mr. Nilsson finds an error of \$1,000 in copying. This error I acknowledge, but it should not have been included for the reason that my final report upon the account in which the error occurs is not yet due. I should have been obliged to find this error myself to make my books balance. I am glad Mr. Nilsson found it for it is against me. Finally, the books of my predecessor, E. L. Browne, show that he turned over to me in the county general fund \$2,298.43. Mr. Nilsson charges me with \$2,613.93. If the commissioners choose to accept Mr. Nilsson's balance as final, I am about \$300 ahead.

The above is the substance of Mr. Abeysa's statements. As stated in THE CHIEFTAIN last week the public is invited to hear Mr. Nilsson's report on Monday morning at 10 o'clock in the court house.
